SKYWINGS INTERNATIONAL SCHOOL

One Step Ahead...

OUR VISION

To encourage students to think independently, be passionate about it and value excellence to become perfect in their field so that they can fulfill the dream of making India a developed country with knowledge, confidence, compassion, and social harmony.

OUR MISSION

To achieve excellence in learning within and outside the students to achieve the vision of India becoming a developed country by 2047. To empower teachers to guide children with the tools of social harmony and knowledge building, with the help they become lifelong learners, ingrained with strong sense of values so that they emerge as well-adjusted citizens of tomorrow.

VALUES

Honesty and Integrity
Knowledge and excellence
Respect and concern for others

Chairman's Message

Rakesh Godara
Chairman

It gives me great pleasure to welcome you all to the Skywings International School. Our school has institutionalized 'one step ahead' as its motto for a continued search for knowledge and information. We have seen a lot of ups and downs since its inception in 2015. During this time, the mission-vision of the school was slightly affected due to nationwide demonetization and the global Covid pandemic, but with the support of all our well-wishers, we are moving towards the goal. To achieve the vision of the school we aim to provide quality education which will develop the student mentally and transform him into a good citizen of the country. We are providing ample opportunities to bring out all-round development and self-realization in every student.

I request the parents to provide a good educational environment to their child so that moral and character development can take place in the child. As a result, the child can become a better citizen in the future. To accomplish this task at the school level, our academic team, with its tireless efforts, keeps providing sports, cultural, travel etc. activities to the students along with excellent exam results in every class. Apart from this, our teachers also play a vital role in the selection of students in various competitive examinations like IIT, NEET, KVS, Navodaya Vidyalaya, Sainik School, BARC, NTSE, Olympiad, CUET etc. 100% examination results and selection of students in various reputed colleges prove the team efforts of teachers as well as full cooperation of parents. In the coming two years, efforts will be made to convert the school into a fully air-conditioned building and education will be conducted completely through digital mode. Similarly, there are many milestones ahead towards which the school is moving forward and will surely reach in the coming years.

I take this opportunity to congratulate the teachers and students of the school for their commendable efforts in bringing the school to this level of excellence. I am equally grateful to the parents for their protection and faith in us. Since the school is celebrating the TENTH ANNIVERSARY of its establishment this year, various educational and cultural activities will be organized throughout the year in the session 2024-25 in which the cooperation of all parents will be required.

From my side, heartiest congratulations to all the people directly or indirectly involved in the progress of the school.

Rakesh Godara

Principal's Message

Harish Sharma
Principal

*A child is like a butterfly in the wind
Some can fly higher than others;
But each one flies the best it can
Why compare one against the other
Each one is special - Each one is beautiful.*

I extend my hearty congratulations to all our students and parents as we cross another milestone and enter the tenth academic year (2024-25) of the school.

Life is a journey and it is all about learning.....

Studies are actually a preparation for a child to face the challenges that will present him as a personality in the vast real world. We strive to mold the character and mental outlook of students, inculcate in them the basic principles of life and nurture their individual potential to the fullest.

As Principal, I am extremely impressed by the commitment of the management and staff to provide excellent all-round education to our students. The last academic session has been challenging for us, as it required the recovery of learning losses and gaps caused by the distance learning system adopted as an emergency measure during the crisis period of the Covid pandemic. Some faced a hard time regularizing their physical attendance at school after two-year hiatus from the pandemic. However, dwelling on the past will not help you in any way in moving forward in life. Instead, you should hope for a better future by learning from the mistakes made. In this journey, you will always find your teachers with you as they are committed to ensuring that it is possible for every child to learn to his or her full potential and that learning becomes a joyful experience.

We aim to enable our students to become self-directed and self-managed individuals who can face the challenges of life without wavering. Our students are not only taught to fly high in the open sky of immense opportunities, but are also taught to stay connected to their roots. Our school has now earned a brand name for itself, known far and wide for its quality education and grooming of young minds. We have an efficient team of special teachers who cater to the special needs of the students and guide them to cope with mainstream education.

I am confident that our students will work hard to bring about positive change in this conflict-ridden world and do justice to our motto – 'One Step Ahead'. I look forward to another successful year at Skywings International School, Bhadra.

Harish Sharma

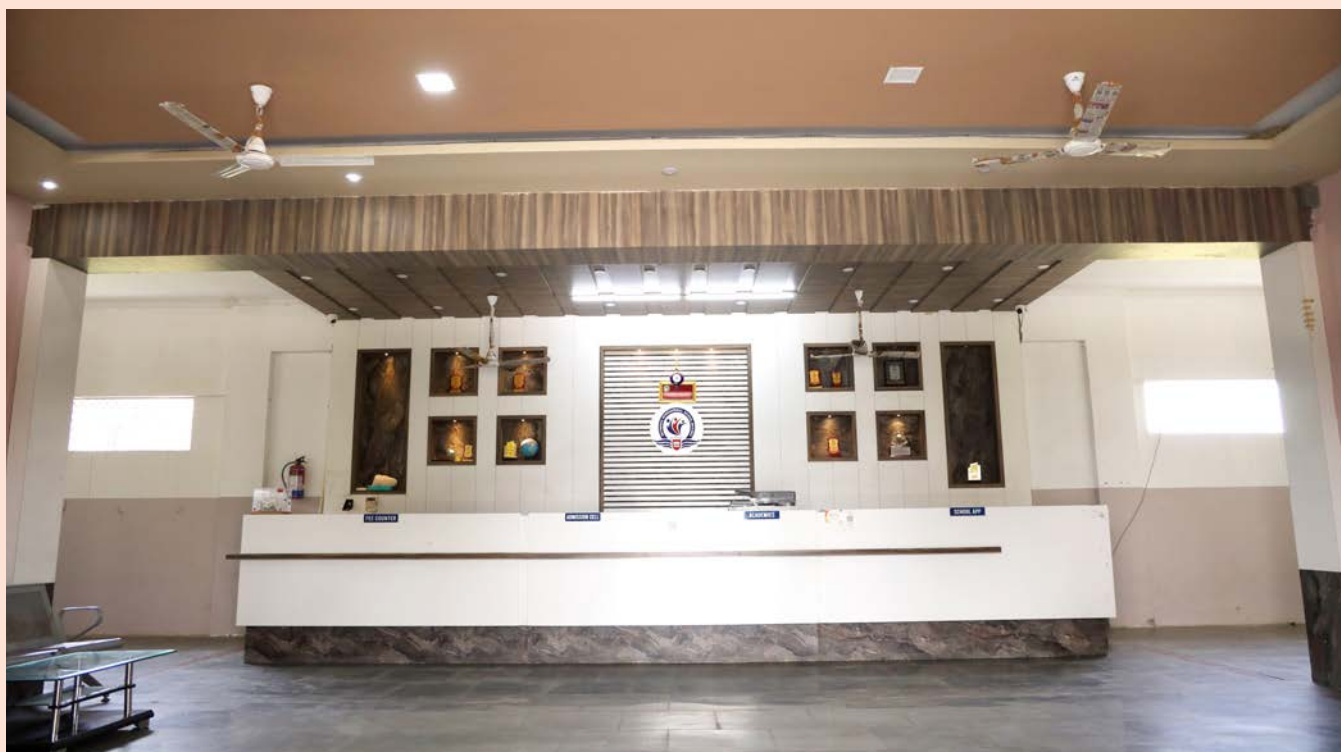

ABOUT US

We are an outstanding provider of value based education on international standards with highly qualified faculties recruited from all over India and enriched curriculum to mould young ones to become global citizen.

Since its inception in 2015, Skywings International School has carved a niche for itself as a leading non-residential premier co-educational, English Medium institution in the country. With its drive for innovation dynamism and excellence in all spheres of school life, it has grown from strength to strength. Affiliated to Central Board of Secondary Education, New Delhi, we have classes from Pre-Primary to XII. Founded on the munificent ideals and ethics inscribed in the very soul of its founder, the SD Memorial Educational Society, the school serves as a pedestal of learning and inspiration to the young and vibrant minds.

Centrally located in the city of Bhadra on 2 Mile stone, on Nohar-Hisar Highway, the school is easily accessible through public transport system. The school has a sprawling aesthetically designed campus with progressive architecture, it is set in a verdant idyllic surroundings. The school offers an enviable student-teacher ratio, state of art infrastructure and innovative and latest pedagogical methods.

The School Student Council

Leading from the Front

Words will not be enough to describe how amazing and memorable my journey has been over the past 09 years as a despite. The School Cabinet is an integral part of the school, for maintaining discipline and order in the campus. Cabinet is sworn in on Investiture Ceremony. Its Tenure is for one year.

The students with leadership qualities & organizational skills

develop their capacity, as they get elected every year. School cabinet takes care of the discipline of the school. They bring to the notice, the minute requirements of students, and work to support the overall growth of the institution. The school cabinet has 15 elected students.

Admission Criteria

Admission to Classes Pre-Nursery, Nursery & Prep is based on Draw of lots. Few seats are reserved for Management Quota, RTE, Sibling Cases, Staff Child, Transfers Cases. Admission under RTE will be granted only in Nursery to First class by reserving 25% seats (As per Govt. policy). Admission to Class I to VIII is based on preliminary interaction with the parent & child. The candidates will be selected based on draw of lots as per the class-wise seats available. Admission to Class IX is based on an entrance exam in English, Science and Mathematics conducted at the beginning of every session. The entrance Exam will be followed by an interview. For selection Minimum 60% will be the cut off & merit order will be prepared based on performance in the Entrance Exam & Interview. Admission to class XI is as per the criteria fixed by the school and the performance in Class X board exams.

Admission Rules & Regulations

Registration fee and admission fee is non-transferable and non-refundable.

After the candidate has been short listed for granting admission a Provisional Admission offer is given to the parent with a time limit of 1 week to fulfill the admission formalities.

In case the parent fails to complete the formalities within the given time frame, the seat is offered to the next candidate from the waiting list.

9. The identity card must be worn by the students every day.
10. Special fine will be imposed for being absent without prior permission on special occasions or during the period important from learning point of view.

Faculty

"Teachers create an environment that encourages students to teach themselves". Our teachers are recruited from all walks of life. Our staff is one of our biggest strengths. Each teacher bringing his or her own positive experience, knowledge, culture, and tradition. Subject teachers are well qualified and highly experienced. Academic staff is provided ample opportunities for professional development throughout the year- from in house training workshops to seminars and sessions organised by education & research foundations and CBSE Delhi. Teachers are given the chance to learn and share from other people's experiences as well as their own.

Curriculum

Evaluation at SWIS Indore is a continuous and comprehensive process. The school follows the weekly test system, from Class I upwards, whereas the primary section does not have any formal evaluation. The end of each term is marked by formal exams, starting in class I. A comprehensive system has been devised to trace the performance of each student over the years of his stay at school, which enables the school and the parents to keep track of the child's progress.

Streams (Class XI)

Non-Medical: English, Physics, Chemistry & Mathematics,

Medical: English, Physics, Chemistry & Biology

Commerce: English, Accountancy, Business Studies & Economics

Humanities: English, History, Economics, Political Science/

Board Examination Results

Our alumni of Classes X and XII have made us proud of their brilliant board exam results. Each year, the school topper and the respective subject toppers of class X are awarded with scholarships for attaining academic excellence.

INFRASTRUCTURE

Learning Environment

Science Labs

The school has huge, well-equipped Biology, Physics and Chemistry Labs. The Labs with modern amenities and quality specimens and models open a world of knowledge teachers and students enjoy the freedom to observe, experiment, analyses and create. With guidance from the staff, the students discuss and exchange different approaches to conducting the practical classes, adopt experimental mode of learning and enjoy the practical sessions. Extensive use is made of the Smart Class facilities. Interesting projects help sustain and satisfy the curiosity of the budding scientists. 'Learning by Doing' remains the motto.

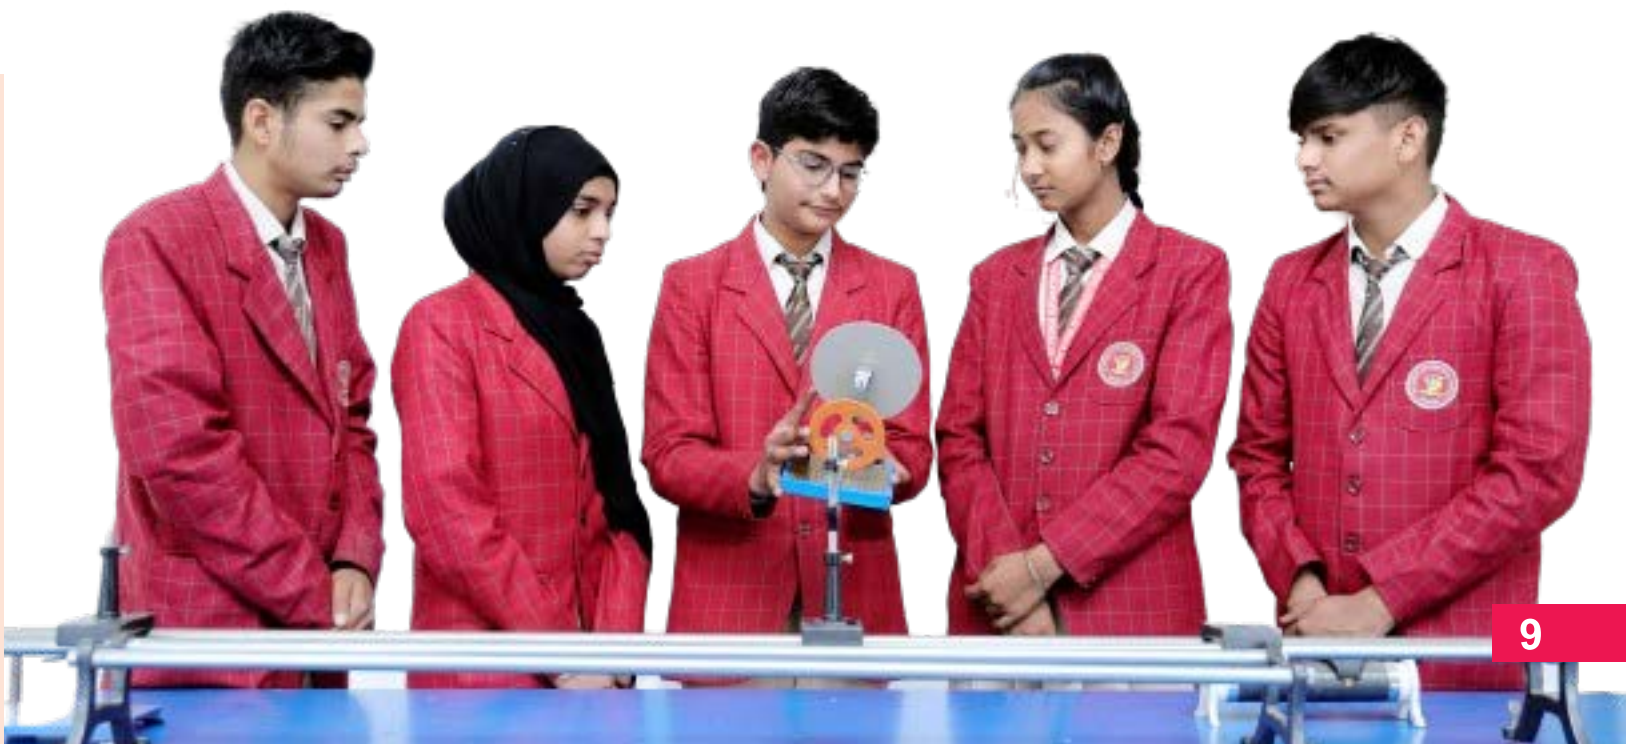

Computer Lab

With computer education an essential part of modern-day living, it has become the priority of the school to make students and teachers computer savvy. The school has huge Computer lab with 40 computers each to equip the staff & students. Special courses on animation, graphic designing etc. apart from regular syllabus are imparted. The labs maintain 2:1 student computer ratio. It not only helps students to learn computer but also guide them how to utilise technology effectively to attain the maximum performance.

Math Lab

A well-maintained Math Lab provides an opportunity for the students to discover Mathematics through doing. It is a place to enjoy and explore mathematical activities. It takes the students beyond curriculum and prepare them to possess the critical and analytical skills for mathematical interpretation. It provides greater scope for involvement of both mind and hand which facilitates cognition.

The School Library

The Learning Resource Center

The school has separate well-furnished libraries for the Primary and Senior sections. The libraries have open book shelves for easy access. The Junior Library has a wide variety of colourful books to attract the young readers and satisfy their curiosity. The Senior Library boasts of a wide variety of subject related reference books together with fiction and no fiction. Internet facilities e-books are the other add-ons

Performing Arts

The school is abuzz with a myriad of activities to develop in children, the cultural and aesthetic values through performing arts. The infrastructure provides sound proof Belgian Wood flooring rooms separately for Vocal Music, Instrumental Music, Dance - Classical and Western. Students are also introduced to mime, street plays, puppetry, folk songs and dances.

Creative Arts

Well-equipped Art & Craft rooms open doors to a colourful world of creativity for our young artists who have made their mark at the National and International level. A plethora of classes fuel the creative instinct inherent in children like drawing, painting, pottery, paper Mache, fireless cooking, paper quilling to name a few.

Games and Sports

Sports is an integral part of our curriculum where students participate and excel in a range of games & sports activities. Qualified coaches impart intensive training to our children in various sporting activities. The school provides the facilities for cricket, football, basketball, kho-kho, volleyball, net-ball, table tennis, throw-ball etc.
